

AUSTRALIAN and NEW ZEALAND SOCIETY OF PHLEBOLOGY

ABN 49 402 190 501

Dear Venous Practitioners,

The Australian and New Zealand Society of Phlebology invites you to attend a venous scientific meeting and workshop to be held on the ground floor at Westmead Hospital Education Block on 22-23 March, 2025.

This symposium will cover treatment of disorders that are encountered in venous practice. Topics to be discussed include:

- Duplex scanning for varicose veins, venous thrombosis and pelvic disorders:
 - i) Techniques
 - ii) Point-of-care venous duplex ultrasound
- Diagnosis and Treatment of Pelvic Venous Reflux
- Diagnosis and treatment of venous leg ulcers
- The place for surgery in the treatment of pelvic venous disease
- Discussion of Endovenous Laser and Radio Frequency ablation, including methods, techniques and outcomes of treatment

- The use of glue in venous ablation, including complications
- Sclerotherapy, including:
 - i) Discussion of Ultrasound-guided sclerotherapy and
 - ii) Micro-sclerotherapy reticular and spider veins
- Phlebectomy

The cost for the meeting is: Non-members \$1100.00 and Members \$990.00

CME points are available.

Please contact the writer if you have any enquiries.

Contact details below.

With kind regards,

Patricia Hood.
